DARKER EVERY DAY.

Mexican War Cloud Assuming Gigantic Proportions.

TROOPS NOW ON THE MARCH.

Nine Thousand Well Equipped Mexican Soldiers Already on the Frontier and Thousands of Others Have Started For the Front—Guatemala Will Have Assistance in Case of War.

CITY OF MEXICO, Jan. 30.—President Diaz continues to receive offers of aid in case of war. It is denied emphatically that any foreigners have been offered the command of troops if trouble occurs with Guatemala.

It is stated officially that if war is declared that either General Tople or Cervantes will have full command of the Mexican army. The army now of Mexico on the border is at least 9,000 well equipped men, and reinforcements are hurriedly being sent on the border. Yesterday afternoon the Fourth and Sixteenth infantry regiments departed for Chiapas state, and will move on to the frontier as rapidly as possible.

The Guatemalan minister, De Leon, said last night that he was in daily consultation with Minister Marshal, but declined to further discuss the affair, not even hinting as to what progress was being made.

GUATEMALA NOT ALONE.

In Case of War Other Republics Will Become Involved.

GUATEMALA, Jan. 30.—The president has just received Minister Irias of Honduras. Ministers Gomez of Nicaragua and Estupinan of Salvador have been received before. All their speeches, which were full of patriotism, clearly show that Guatemala would not stand alone in case of a Mexican conflict. They have individually offered the cooperation of their countries to Guatemala in such an event, showing that on any question directly affecting all, Central America stands united to repel any invasion.

The Costa Rica legation arrives soon and is confidently expected to express the same resolutions favoring Central Americanism as heartily as shown by the legations of Nicaragua, Salvador and Honduras.

HOPES FOR PEACE.

Secretary Gresham Still Interested in the Difficulty.

WASHINGTON, Jan. 30.—Secretary Gresham is still in telegraphic correspondence with the Mexican authorities, as well as those of Guatemala, touching the settlement of the dispute between the two nations, and has not yet abandoned hope of peaceful outcome. The status of the affair at present is that the Guatemalan government does not wish to go to war and is willing to make almost any honorable concession to avoid it.

The Mexicans are not in the same conciliatory mood, but the government probably would accept any basis of settlement which could be shown to the satisfaction of the people to be in the line of maintenance of their claims.

There is ground for the belief that the indemnity of \$263,000 demanded by Mexico for the invasion of the Chiapas territory is causing the main difficulty.

PEACE CONFERENCE HELD.

Representatives of Both Countries Trying to Settle the Difference.

WASHINGTON, Jan. 30.—Late yesterday afternoon Senor Romero, the Mexican minister, and Senor Arriago, the Guatemalan minister, called at the state department. They were admitted at once to the diplomatic room and entered upon a discussion of the troubles between their respective countries with Secretary Gresham. In such cases the ministers are usually charged with power by their governments to offer and receive suggestions looking to a settlement of the disputed questions, subject of course, to the approval of the home governments, but in this case both officials have denied that the matter is in their hands, so the inference is that Secretary Gresham is simply urging them to advise their governments to show a spirit of mutual concession.

All the parties to the conferences refuse to disclose the nature of the proceedings, but it is suggested in one quarter that the tentative proposition advanced looks to the relegation of the Mexican demand for a money indemnity for trespass on the Chiapas lands to the date of the completion of the boundary survey between Mexico and Guatemala. If it is then found that Guatemala has been guilty of trespass, she must pay the indemnity and not otherwise.

Without Bail.

CONNERSVILLE, Ind., Jan. 30.—Justice Leach gave his decision yesterday on the preliminary examination of Quincy Rees for the murder of Oscar Knotts, at Falmouth, last Tuesday night. Rees was remanded to jail without bail to await the action of the grand jury.

Threaten to Make Trouble.

RIO JANEIRO, Jan. 30.—The partisans of ex-President Peixoto are making manifestations daily and threaten to cause trouble. The government is taking precautions. It is rumored that the military cadets are engaged in a conspiracy.

Eleven Years' Imprisonment.

LEBANON, Ind., Jan. 30.—Joseph Conrad of Zionville, who shot and dangerously wounded John Martz, was found guilty by a jury, his punishment being fixed at 11 years' imprisonment.

ENGINEERS VOTING ON A STRIKE. Chief Arthur's Errand West—Debs Will Not Retaliate.

OAKLAND, Cal., Jan. 30.—Chief Arthur of the Brotherhood of Locomotive Engineers is on his way to the Pacific coast. Under his instructions all the brotherhoods are being polled on the roads in order to get a vote on the question of ordering a general strike. According to the rules of the brotherhood a general strike can not be ordered without a consent voting from two-thirds of the members of the organization.

The local brotherhoods have held meetings nearly every night for several weeks in West Oakland and have held a number of conferences with Superintendent Fillmore and other Southern Pacific officials. Delegations of engineers have been here from Arizona, Oregon and Nevada. Their sessions have all been executive and the engineers have refused to divulge any of their proceedings or plans.

The engineers on Wilder's divisions are in favor of striking, but are somewhat fearful lest their attitude toward the American Railway union during the strike in July will react against them now.

As soon as Eugene Debs gets through with his legal trials in Chicago he will start for California and has sent word to all officers of the union to not antagonize the Brotherhood of Locomotive Engineers in the event of that organization going out on a general strike.

MORE AID NEEDED.

Ohio Miners Almost on the Verge of Starvation.

COLUMBUS, O., Jan. 30.—A committee of miners, headed by ex-Vice President Pritchard, from Hemlock and Buckingham, in the Sunday Creek valley, called upon Governor McKinley yesterday to call attention to the needs of their locality.

They report great destitution, with the situation rendered worse by the closing down of the Columbus and Shawnee Coal company mine, employing 140 men. Another mine employing 50 men will close Feb. 1. They have been subsisting on one-eighth of a barrel of flour, three quarts of beans and three quarts of hominy per week for each family, their quota out of the supplies sent to Shawnee. Supplies will hereafter be sent direct to Hemlock.

The committee gave assurance that the miners would donate each a day's work to mining coal to be sent to the cities sending aid into the valley for the relief of their destitute. They thought the operators generally would co-operate in the work.

Temperance Crusade Begun.

ST. JOSEPH, Jan. 30.—Chief of Police Broder sent a circular letter to every saloonkeeper here yesterday, notifying them that all saloons must be closed and remain so on Sunday. A temperance crusade and wave of reform is to be inaugurated here this week by Dr. N. W. Tracy, the Kentucky evangelist, under the auspices of the Ministerial association. The saloonkeepers' association threatens to retaliate by closing every businesshouse in the city on Sunday and shutting off the streetcars. Trouble is feared.

Pleaded Guilty.

KANSAS CITY, Jan. 30.—Edgar O. Bishop, who embezzled \$3,400 of the bank of H. S. Mills, pleaded guilty to the charge yesterday in the criminal court and was sentenced to two years imprisonment in the state penitentiary. In sentencing Bishop, Judge Wofford lectured the young man on the evils of fast company and a dissolute life. The American Surety company, which was Bishop's surety, assisted in the prosecution. Bishop was a well known society man. He lived too high.

Some Change but Not Yet Settled.

OLYMPIA, Wash., Jan. 30.—In the fight for senator yesterday Turner with, drew, and of his seven votes four went to Ankeny, one to Wilson and two to McMillan. The Democrats shifted from Wallace to Sharpstein and the Populists from Rogers to Manring. The 25th joint ballot stood: Ankeny, 30; Wilson, 29; Allen, 18; McMillan, 8; Sharpstein, 6; Manring, 24. No choice.

Brutal Murder.

NATCHEZ, Miss., Jan. 30.—A brutal murder was committed at the levee camp at Cowpen Point yesterday. George Burns, alias Frank Boyd, shot George McCoy. In the neck, and then, seizing an ax, chopped off both McCoy's legs and battered in his mouth and nose and gouged out his right eye. McCoy died almost instantly. Burns escaped and is still at large.

Robbed and Thrown From a Train.

VICKSBURG, Miss., Jan. 30.—Flagman Victor Cook on Valley Route train No. 85 was knocked down and robbed last night, and afterward thrown from the train as it neared Port Gibson by an unknown negro. He was brought here unconscious but will recover. A negro was arrested at Port Gibson, who is charged with the robbery by an eyewitness.

Gasoline Stove Exploded.

BERLIN, O., Jan. 30.—Morgan Carrey's house was burned yesterday, together with nearly all its contents. Charles A. Lane, a small boy, was badly burned that he will die, and Mrs. Lane was also badly burned about the face and hands. A gasoline stove exploding was the cause of the fire.

Church Lady's Shocking End.

NILES, O., Jan. 30.—Mrs. Louis Salm, a lady prominent in church work at this place, stood before a mirror Tuesday and blew her brains out with a revolver. The woman held her young infant in her arms while she committed the deed. The baby was uninjured. Poor health probably led to the act.

HOUSE AND SENATE.

Proceedings of Both Branches of Congress.

NEW TARIFF LAW AMENDED.

The One-Tenth of a Cent Differential Duty Imposed on Sugars Imported by Bounty Paying Countries Repeated by a Large Majority Vote in the House. Financial Affairs Considered.

WASHINGTON, Jan. 30.—A special order was invoked yesterday to bring the bill to repeal the one-tenth of a cent differential duty imposed by the new tariff law on sugars imported by bounty-paying countries and it was passed without amendment by a vote of 239 to 31.

A series of amendments, two offered by Mr. Hepburn and Mr. Hopkins looking to retaliation in case Germany refused to admit our meat products after the repeal of the differential, one by Mr. Hitt of Illinois to repeal the one-eighth differential on refined sugar, one by Mr. Dingley of Maine to provide that this act should not be construed to mean that the United States surrendered the right under treaties containing favored nation clauses, to effect bounties by the imposition of equivalent differential duties, and one by Mr. Van Voorhis of New York to place all sugar, raw and refined, on the free list, were lost by practically strict party votes.

The debate was of an interesting character, and at times very spirited. It touched quite extensively on the treasury situation and the remedies to be applied. Mr. Dingley of Maine made a long statement of the receipts and expenditures to show that the treasury was suffering from lack of revenue and that the first duty of the government was to increase the receipts of the treasury. Mr. Reed took a similar view of the situation, which was again controverted by Mr. Wilson of West Virginia. The attempts to amend the bill by repealing the other portions of the sugar duty were opposed by Mr. Wilson, on the ground that if the bill was loaded down with amendments it would surely meet its doom in the senate.

Senate Proceedings.

WASHINGTON, Jan. 30.—President Cleveland's financial message has again started the eddies and currents of sentiment on the financial question in the senate. While this has not yet crystallized into definite action, several incidents occurred in the senate yesterday which indicated general tendencies. Mr. Manderson (Rep., Neb.) presented a compromise plan. The senator emphasized the need of concession and compromise in a vigorous speech, urging senators to give and take in order that some common ground for meeting the financial emergency might be assured.

In replying Mr. Teller (Rep., Colo.) made the significant declaration that no such compromise legislation could be effected at this session of congress.

Among the measures passed during the day were those for the incorporation of the National Association of Florists and for the sale of interchangeable mileage tickets to commercial travelers, known as the commercial travelers' bill.

Most of the day was given to the bankruptcy bill, Mr. Mitchell (Rep., Or.) offering a substitute on the lines of the so-called Torrey bankruptcy bill, and Mr. George (Dem., Miss.) speaking at length in explanation of the bill.

BEERBOHM TREE.

His First Appearance in America Not a Brilliant Success.

NEW YORK, Jan. 30.—The London actor, Herbert Beerbohm Tree, made his American debut at Abbey's theater Monday evening. He was greeted by an audience which welcomed him with hearty applause. Critics, amateur and professional, were predominant in the assemblage. To these people Mr. Tree proved his ability. His acting made no profound impression, but it is certain that when he has appeared in a number of roles his flexibility of character will have won for him a more positive meed of approval than was rendered Monday night.

Mr. Tree's first public bow in this country was made in the character of Gringoire, in "The Ballad Monger." Mr. Tree had some of the declamatory force of Mr. Barrett and some of the reckless air of Mr. Coquelin, added to which he was excellently picturesque in pose and motion.

The main drama of the occasion was "The Red Lamp." It deals with a plot against the czar. It was an inexpert and ineffectual attempt at melodrama. Mr. Tree made a red-faced, stiff-jointed slow-gaited and very fluffy member of the Russian secret police. The company was better than the play, but not much, and it was not fit to perform in one of our theaters of the first grade.

COLUMBIAN REVOLUTION.

Secretary of the Navy Notified, and Orders a Vessel There.

WASHINGTON, Jan. 30.—Secretary Herbert Monday received a cablegram from Captain Cromwell of the cruiser Atlanta, at Colon, reporting that he had heard that a revolution had broken out at Buena Ventura, Colombia, and announcing that he would remain at Colon for the present. The secretary telegraphed to the commandant of the Mare Island navy yard, California, to send either the Bennington or Alert to Buena Ventura at once. It is expected that the Bennington will go, as she is the speedier vessel. The state department has had no dispatch from Colombia regarding the revolution.

Farmers' Institute.

SPRINGFIELD, O., Jan. 30.—Four tramps broke into Misses Morris' house, near Enon, yesterday, bound and gagged them and stole a \$500 certificate of deposit and \$300 in jewelry. The women were found nearly dead late in the afternoon. The tramps escaped.

WHISKY TRUST IN TROUBLE. New York Stockholders Finally Secure a Receiver.

CHICAGO, Jan. 30.—Monday night at the residence of Federal Judge Grosscup, an application of New York stockholders of the whisky trust, representing about \$3,000,000 of stock, Joseph Greenhut of Peoria and E. F. Lawrence of Chicago were appointed receivers of the trust. The order appointing the receivers, with the bill upon which it was granted, were sent to Peoria yesterday, where they will be placed upon record. The application for a receiver was based as set forth in the bill, upon the general poor condition of the business of the trust at the present time, and upon the inability of the organization to float an issue of bonds from the proceeds of which it was expected to gain financial relief.

Attorney Stevens, representing the trust, consented to the plan proposed by the New York stockholders and the appointment was made as Greenhut representing the trust in the receivership and Mr. Lawrence the stockholders. Similar proceedings will be had in each state where the trust owns property.

Sensational Street Fight.

LEXINGTON, Ky., Jan. 30.—Yesterday afternoon at 1 o'clock a sensational street fight occurred on Main street between ex-Mayor J. Hull Davidson and Charles C. Moore, the editor of The Blue Grass Blade. The fight was brought about by a severe criticism two weeks ago by The Blade of Davidson's career as city collector. When Davidson met Moore he said: "You've slandered me; now fight." He then dealt Moore a heavy blow on the left eye, drawing blood. Moore jabbed Davidson in the face and they clinched. Davidson broke away and drew his pistol, when several persons rushed in and separated them. Both men were arrested. Davidson gave bond, but Moore refused to allow bond to be given for him and was locked up.

Civil Rights Suit.

CRAWFORDSVILLE, Ind., Jan. 30.—The civil rights suit of Preston V. Eagleson against the proprietors of the Nutt House of this city came to a close in the circuit court yesterday. Eagleson, who is a negro, is a member of the Indiana university football team. Last fall he was refused entertainment at the Nutt House when the team visited Crawfordsville to play the Wabash eleven. He sued for damages and the case was tried yesterday. After being out all night the jury made a return in favor of the plaintiff, assessing his damages at \$50.

Preacher Shot by a Lunatic.

CANNELLTON, Ind., Jan. 30.—The Rev. Virgus Swope, a Baptist preacher, was shot yesterday morning near Patessville, 10 miles back of Hawesville, Ky., by Ed Pullam, a lunatic, who used a double-barreled shotgun. Mr. Swope was on his way to a protracted meeting and the shot tore a bad wound in his side. He will probably die. Pullam mounted a horse and escaped. He has been in an asylum twice and broke out twice. Swope is 65 years of age.

Gasoline Explosion.

LOGANSPORT, Ind., Jan. 30.—An explosion occurred at the "orphans" home yesterday, in which Willie Bush, a boy aged 9 years, lost his life and his brother, aged 11, was fatally burned. The boys attempted to light a fire with gasoline, when an explosion took place. The report caused a stampede among the children, but order was finally restored. Willie Bush's clothes were burned from his body and his body burned to a crisp.

Battle Between Outlaws.

PERRY, O. T., Jan. 30.—A priest who has just returned from Sacred Heart mission tells of a battle near there between two gangs of outlaws over the distribution of some spoils one gang had stolen. A terrible fight with knives, pistols and Winchesters ensued for several hours, at least one man being killed, while several others were badly wounded.

The priest attended Dick Overbrand, one of the outlaws, in his dying moments, and says that one other was fatally wounded and three or four were covered with blood when he left the scene.

A BATTLE IN CHINA

Wei-Hai-Wei Was Attacked by the Japanese.

REPULSED AFTER A LONG FIGHT.

The Japanese Lost More Than Three Hundred of Their Troops, While the Chinese Lost But Twenty-Seven Sailors. Foreigners Said to Be Assisting the Chinese.

LONDON, Jan. 30.—A dispatch to The Times from Shanghai says the Chinese military and naval commanders telegraph via Che-Foo, that at 3 o'clock on the morning of Jan. 26 the Japanese fleet advanced upon Wei-Hai-Wei in two divisions of 19 ships. The searchlights betrayed their presence, and the guns of the Chinese fleet and shore batteries opened fire on the first division of the enemies ship when they were within a thousand yards of the Chinese fleet. The fastest Chinese man-of-war and torpedo boats made a dash at the enemy, and after heavy firing drove them off. The first Japanese division went to the northwest and the second division southward. The Chinese claim to have injured several of the enemy's ships. At the same time the Japanese made a land attack upon Wei-Hai-Wei from Ning-Hai. This was a surprise from the west. The alarm was given, however, and the Chinese repelled the attack. The Chinese lost 27 sailors. The Japanese losses amounted to more than 300 killed and wounded. Several foreigners are said to be assisting the Chinese.

"BUTTERMILK TOMMY" AND THE TURNPIKES.

It's very evident that "Buttermilk Tommy" of the Public Ledger does not want the turnpike question settled.

The last Legislature passed a law providing a plan by which the pikes can be bought up and made free, but the Ledger editor does not seem willing that the law should be carried out. And he's awfully anxious to see the roads made free—judging by his talk.

It begins to look like "Buttermilk Tommy's" clatter is mere claptrap and that he wants the agitation carried over into the next campaign in this county in hopes of reaping some benefit politically.

"Let 'free turnpikes' be the watchword in the next campaign," has been standing in his paper for days. And again we ask, why postpone the matter?

People who are in earnest on this question, want free pikes just as soon as possible. The new law provides a plan. Let it be carried out.

A SPECIAL act was passed by the Legislature in 1886 providing a plan for free turnpikes in Mason County, but a clause was added at the close specifying that it should not take effect until it was first submitted to the voters of the county and approved. It has never been submitted and, of course, is still inoperative. The only law on the subject is the act referred to last Saturday by the BULLETIN. The plan provided by this act will not prove burdensome.

SENATOR TELLER and other advocates of silver are not pleased with President Cleveland's latest message. They say there is nothing in his proposed plan of reforming the currency for the white metal. They seem to overlook the fact that the President's recommendations should be for the welfare of the Nation and not especially for the silver mining interests confined to a few States.

Mr. Dye was sitting in his home, reading a paper, when stricken with heart disease and lived but a few moments. He was a native of Mason County, Ky., where he was born nearly eighty-four years ago. In 1842 or 1843 he went to Weston, where he resided until 1861, when he removed to California. He was accompanied West by his brother, Thomas Dye. At Weston he was engaged in the livery and hotel business. The Hudson, en route Cincinnati to Pittsburg and Keystone State for Cincinnati. Both will try to reach their destinations before ice shuts them out. This accounts for all our packets above Cincinnati.

The present run of ice is the worst this season, it being slushy and sticky with quantities of hard floating ice, making it difficult for boats to grind their way through. The ferryboat's greatest trouble is in making her float landings.

For The Farmer.

A sheepman at the Chicago yards said recently: "It is my candid opinion that sheep will be \$1 per hundred higher within a month. "SANCTIFICATION MEETINGS."

Rev. W. E. Arnold Corrects Some Reports Recently Sent Out From Stanford.

In a letter to the Danville Advocate, Rev. W. E. Arnold formerly of the "Old Stone" circuit, M. E. Church, South, this county, but now of Stanford, says:

"Please allow me to protest against the paragraph in your issue of Jan. 21st, in which you stated that so many persons in Lincoln County have become insane as the result of the Carradine meetings. Street gossip is a very unreliable quantity and evidently you have been grossly imposed upon. That two ladies in Stanford have recently become demented is a sad fact, but that their misfortunes are to be attributed to the Carradine meetings is wholly unwarranted and untrue. The families thus grievously afflicted have my deepest sympathy. In a matter so delicate I could not think of going into details and parading in the public prints all the circumstances that enter into an affair so exceedingly unfortunate. Suffice it to say that I am in possession of facts sufficient to refute the charges, and only ignorance or malice could think of attributing the trouble to the Carradine meeting. The animus of those who have so persistently circulated the report that these troubles were due to the meeting, is seen in the fact that they have reported insane not less than fifteen of the best men and women in Stanford!"

"As to the 'hysterical displays,' and your assertion that 'it is indeed lamentable that some preaching is not within the province of the law'—all this is wide of the mark. Newspaper men, as well as other people, may sometimes be guilty of the folly of speaking recklessly concerning matters they know nothing about. If you had attended the meeting and heard Dr. Carradine instead of listening to the exaggerations and misrepresentations of the enemies of the doctrines he preaches, you would never have used such language as this.

"Any one at all familiar with the history of revivals will not expect to see a great work of grace without more demonstrations than are usual in the cold and lifeless service of the average church of to-day. These manifestations have attended the work of God in every age of the world, giving offense to the ungodly and fretting into fury the elements that resist the grace of the Most High. In Danville, in both the Methodist and Presbyterians churches, meetings have been held in which scenes were enacted that surpassed anything Stanford has seen in late years. And out of these meetings came some of the best that you have in your churches to-day. We have had some of the old time power among us at Stanford and the ungodly have had the usual spasm. Only this and nothing more."

MR. VEITH, the Republican who took charge of the County Clerk's office at Newport the first of the year, refused to allow newspaper reporters access to the records in his office, and they have applied to the Circuit Judge for a mandamus. Colonel George Washington is their attorney and in arguing the case Monday he quoted several authorities on the subject, showing that the clerk was merely the servant of the people; that the records were not the property of any single person, but belonged to the county or State, and that any citizen had the right and privilege to inspect the records at any reasonable hour. Colonel Washington's argument was a masterly one, and was delivered in the style which made the speaker recognized as the foremost orator in Kentucky's Constitutional convention, says the Cincinnati Enquirer reporter.

SEARCHING FOR THE WRECK. More Evidence That the Lake Vessel Chicora Was Lost.

SAUGATUCK, Mich., Jan. 30.—Much wreckage of the Chicora was found yesterday. One of the most significant was the passenger gangplank that was discovered embedded in the ice four miles south of this port, two miles off shore. It was chopped out of the ice and was intact.

Wreckage was found at intervals in the ice. Some of it was so firmly embedded and so large that removal was impossible. One mass from the forward bulwarks is 10 by 12 feet square and stands upright. Both forecastle and mainmast were found near together. The latter was not chopped away. It was discovered after careful examination, but had been broken off at or near the main deck just below which it rested on "steps." This portion of the mast was in fairly good condition.

The forecastle told a story of hard struggles with the elements. It had evidently been broken off near the hurricane deck before the upper works were swept away, and being held to the bulk by guy ropes, battered the laboring boat until it was torn away. Then the gang plank was found. It was hoped that this important article of the vessel's equipment would tell the story of the wreck. The only marks were dark red spots. Their meaning was plainly clear to those seamen who surrounded the plank. The party continued south five miles, when darkness made a return to land necessary.

PASS QUESTION SETTLED.

Bill Will Be Passed in Albany Allowing Legislators Mileage.

ALBANY, Jan. 30.—A conference between Chauncey M. Depew of the New York Central railroad and Speaker of the Assembly Fish resulted in the settling of the pass question for legislators, at least so far as the manner of providing transportation is concerned. Mr. Depew was firm in the opinion that there was no way in which the constitutional objection could be overcome so as to allow the legislators to either travel on passes or to accept a certificate equal to a pass from the secretary of state.

Together with Speaker Fish he decided that the only way to prevent legislators from having to spend the larger part of his salary for railroad fare was to have a bill passed allowing the members mileage. He said that the railroads were willing to aid in the matter by honoring the mileage certificates of members when signed by the comptroller so that the state will lose nothing by the operation. A bill embodying the views of Dr. Depew and Mr. Fish will be prepared for introduction.

DEATH OF FRANK L. NOBLE.

He Was Once Owner of the Famous Trotter Alcryan.

GRAND RAPIDS, Jan. 30.—Frank L. Noble, formerly owner of the famous trotting stallion Alcryan, died at his home in this city yesterday, aged 45 years. He had been suffering from kidney trouble, and had been confined to his bed for 10 days, but his death was not expected. He was formerly in the plaster business here, and became quite wealthy, but lost his money in his trotting horse ventures.

August, 1890, when the stallions Alcryan and Nelson were matched at Beacon park, Boston, Noble is said to have sold the race—allowed Nelson to win—for \$5,000, for which the owners, drivers and horses were expelled by the National Trotting association. Nelson and his horse were reinstated two years ago, and Alcryan and his driver, George Robens of this city, were temporarily reinstated last fall, but Noble's application for reinstatement was denied. He brought suit against the association for \$25,000 damages, but failed to appear when the case was ready for trial.

Alcryan is now owned by a stock company here and is in charge of Robens, who expects to put him in training in the spring.

Farmer-Brakeman Killed.

GREENVILLE, O., Jan. 30.—Jacob Heffner, aged 38, married, and a brakeman in the Pennsylvania yards at Bradford, while coupling cars yesterday evening, met a horrible death. Seven cars passed over his body, mangling it past recognition. Heffner was a farmer and owned a nice farm, but 18 months ago he left it and began railroading. He leaves a wife and two children.

Weekly Review of Cincinnati Tobacco Market.

Furnished by the Cincinnati Leaf Tobacco Warehouse Company.

The tobacco sales last week started on Tuesday with liberal offerings of both old and new crops, and with some orders to our brokers the market started very firm and remained so the entire day. There was a stronger demand for color in all grades, and we consider the color smokers fully one-half to one cent higher, and the best grades of hair of color and body are in better demand.

The market on Wednesday were full up, but all the houses succeeded in selling, and while there was some fluctuation in the market the largest portion of the offerings was accepted, and good prices were obtained for some good tobacco.

The market being satisfactory, caused heavy offerings on Thursday, and prices began to fluctuate, and while some excellent prices were obtained, some tobaccos were rejected, and the result was a loss of 10 per cent in proportion than on either of the two previous days.

With the heavy offerings of the three previous days the sales were not large on Friday, as many of the shippers had returned home, but those who did remain were the fortunate sellers of the week, as prices were very strong, and many thought it the banner day of the week as far as prices were concerned. Therefore, the week closed with a strong, active market.

This has been a steady demand for the color old tobacco, especially trashes and lugs, which brought fully 1 cent higher prices, while mediums, have not advanced, but remained strong. The fancy old was also taken at a shade better prices.

The receipts of the new crop do not show any improvement in quality so far, and with the large receipts up to this date it looks very discouraging for so much good tobacco in the crop as many have anticipated, and while there will be an abundance of medium and low grade, the very best tobacco must command a good price.

IN MEMORIAM.

To Mrs. Lizzie Calvert, on the sudden death of her little child. Death may come in a thousand ways. The earthquake's shock, the cyclone storm, The lighting's cleaving blast, Striking death in its mad career, Yet death is sad.

It may come in the guise of health, In unseen, insidious ways and stealth, Painting health on the hectic's shrunken cheek, When 'tis not life but death ye meet, Come to claim his oride, Then death is sad.

It may come as the twilight falls Upon the brink of retreating day, A glorious mirror, grand array, Painted on the sunset's crimson walls, Yet death is sad.

I saw a hawk whose hoary stems, Blushing upon its stem, The sunlight kissed its petals Which were opening when I passed it; But the wanton breeze carried its perfume To every passer by, A thing of beauty not of gloom, An earthly jewel from the sky.

I returned at eve The rose was withered on its stem, The sunlit kissed it, that was all, The breeze wrapped it in a funeral pall, It was dead, a mass of cold mortality; O! then death was sad.

The rose is withered on its stem, The winters go and the summer's sheen Fall afar, the autumn blast Blows with a mournful bloom And its sweet perfume Exhale its fragrance o'er the heart; Then is death so sad?

An Ecstasy.
